

Paying Monthly with Uplift

Uplift helps your clients spread the cost of their trip into affordable monthly payments, helping them make their travel dreams a reality. When you book with **Apple Vacations, Travel Impressions, Funjet Vacations, Southwest Vacations®, Blue Sky Tours or United Vacations®**, you can provide Uplift’s Pay Monthly payment plan option, based on the date your clients purchase their vacation.

Your clients can apply for a loan through Uplift in just minutes. After a quick “soft” credit check is performed to verify their financial eligibility and identity, they’ll get an instant confirmation with no impact on their credit score. Once approved, Uplift will pay your clients’ reservation in full. All monthly installments your clients make will then be paid to Uplift. Uplift offers a variety of loan durations of 11, 18 and 24 months.

Your clients receive the best interest rate based on their credit score. No hidden fees. No worries. Monthly payments are automatically processed and details are sent to them with a convenient email and text.

In the pricing panel, the Pay Monthly amount you see will be based on a 24 month loan.

Important Update:

Beginning March 16, 2020, Uplift will no longer be accepting credit cards in favor of debit cards for deposit on bookings and continuing loan payments with Uplift. This change is to avoid extra fees charged to the customer's credit cards. Customers using debit cards will not be charged those fees; however, a credit card may still be used for initial deposit in VAX prior to applying for the Uplift Pay Monthly option for the remaining balance of the reservation (Participation in the Uplift Pay Monthly program after initial deposit is an option as long as the remaining balance falls within the \$300-\$15,000 price range.)

Applying Uplift's Pay Monthly Payment Option

1. After confirming a reservation, inform your clients that that they have the option to pay monthly through Uplift.
2. Send a payment request to your client by clicking the **Payment Request** link in your clients' reservation.

Note: The payment link will only be active for 72 hours from the time the email is delivered from your agent. If no payment is received before the link expires, you will need to send another payment request to your clients.

When your clients receive the payment request:

1. They will click on the **payment link** within the body of the email; a reservation retrieval page will open. For added security purposes, your clients will be required to enter the reservation number, lead passenger last name, departure date, and CAPTCHA code, and then click **Submit**.
